DESCRIPTION

Our Northridge Island - Bar - Horse features our exclusive lasercut horse cutouts and provides direct lighting for a kitchen island, eating bar or similar locations where a direct light is desired over a narrow space. Behind each cutout is a ivory diffuser and covering each bulb is a square piece of frosted glass. Included with the fixture is 10 feet of wire and two telescoping stems that have an adjustment range of 15 to 30 inches. For longer stem lengths (up to 138 inches), order one or more of the extension kits. A matching 5 x 10 inch ceiling canopy is also included. This Western inspired island fixture has clean lines and a very relaxing rustic feel.

Pictured in Finish #02- Rust Patina Finish.

Note: This fixture will accept a screw-in type LED bulb of equivalent wattage output.
