

Pine Forest Sconce Wall Light Mountain Cabin Style

Product No.: A10942

Price: \$336.00

DESCRIPTION

The Pine Forest sconce features our trademarked steel pine trees set in front and behind with the medium-based lamping between. This sconce is ideal for anyone looking to add rustic character or unique log home lighting to their home. The trees in the front are hand-painted over rust patina finish and trees with only our natural rust patina finish are behind. Covering the bulb is a frost clear glass diffuser, which shields the bulb from side viewing. Suitable for interior and damp locations only.

Note: This fixture will accept a screw-in type LED bulb of equivalent wattage output.
